Term 1 & Squad News

UPDATES

Both Mini Leagues and Essex Swimming Leagues have begun and we hope those of you who have been able to go along have enjoyed it so far. Remember, dedication is what it takes! For info updates, please always refer to a Committee Member, the Club's Notice Board, Changing Room Doors, the website and even our very own Facebook Group.

Easter comes early this year! During half term, all swimming continues as normal – no stopping! The ONLY exception here is Good Friday – CENTRE CLOSED and Easter Sunday – CENTRE CLOSED, so no swimming on these 2 dates – enjoy the long and needed weekend ☺ Term 1 for Swim School ends WE Sunday 19 April and Term 2 automatically follows on the very next week, again giving you 15 weeks of lessons. New members are always welcome at any point of any term, just get in touch or visit us and we will accommodate.

WELCOME

New Teacher for our Sunday Small Pool Sessions is Charlotte Hartin ☺ A lovely young lady who used to train with us in her younger years. May you be with us for some time and teach many budding swimmers!

REQUIRED

We are a non-profit, voluntary-run Club and we are always in need of extra help, support and funding! Funding is vital for the Club to exist – if you or your company can help in any way, please speak to a Committee Member.

If you would like to become a Committee Member and be actively involved, behind the scenes so to speak, then please speak to the Club.

ASA National Swim Plan

Our Teachers regularly assess all swimmers.

Children should have been handed an appropriately coloured hat for their own personal stage/level. These hats play an important role when it comes to learning to swim and they must be worn at all sessions, plus looked after – first one is FOC.

Badges and Certificates will also be available for purchase and should take place during mid to end of each Term.

Recycle / Upcycle unwanted Swim items

We accept many 'good condition' swim items. Outgrown items such as fins are always welcome and can be passed on to our younger swimmers offering great savings.
