### ASA National Swim Plan

Our Teachers regularly assess all swimmers.

Children should have been handed an appropriately coloured hat for their own personal stage/level. These hats play an important role when it comes to learning to swim and they must be worn at all sessions.

Badges and Certificates for Stage Work and Distance will both be available for purchase as and when the Teachers issue slips to record your child's latest achievements.

### Recycle / Upcycle unwanted Swim items

We accept many 'good condition' swim items. Outgrown items such as fins are always welcome and can be passed on to our younger swimmers offering great savings.

*Thank you for your continued support.*
